WOOD, DESIGN, MADE IN ITALY These are the characteristics of a Cantarutti chair. Our family has been manufacturing chairs since 1970, and for some time now we have been making them in a completely different way. Together with designers and creatives, we have introduced new ideas, traditions, materials, colours and fabrics, without losing our identity or the craftsmen's skills. We aim to manufacture well-made, affordable design chairs, while working in a suitable way. By doing this, we are able to offer not only design and durability, but most importantly value.

3

2

LEGNO, DESIGN, MADE IN ITALY Una sedia Cantarutti si riconosce da queste caratteristiche. Dal 1970 la nostra famiglia produce sedie, e da qualche tempo lo facciamo in modo completamente diverso: insieme a designer e creativi, introducendo idee, tradizioni, materiali, colori e tessuti nuovi, senza perdere la nostra identità e la capacità artigianale che ci contraddistingue. Vogliamo realizzare sedie ben fatte e dal design accessibile, operando in modo sostenibile. Solo così possiamo offrire, a chi ci sceglie, design e durata, ma soprattutto valore.

MADE IN ITALY Our chairs are made in Italy and the entire manufacturing process is carried out in our factory. We have invested in state-of-art machinery and internalised a series of operations to give us greater control over the product and enable us to offer customers further quality assurance. All our chairs are CATAS certified for safety, strength and durability, while our models are covered by design patents to protect the ornamental design from being copied or forged.

MADE IN ITALY Le nostre sedie sono fatte in Italia e tutto il processo di produzione si svolge nella nostra sede. Abbiamo investito in macchinari all'avanguardia e internalizzato una serie di operazioni per avere un maggiore controllo sul prodotto e poter offrire ai nostri clienti una garanzia di qualità in più. Tutte le nostre sedie sono certificate CATAS per la sicurezza, la resistenza e la durata, mentre i modelli sono registrati con brevetto ornamentale, che tutela i disegni contro le copie e le contraffazioni.

6

Since the very beginning wood has been our element. We work with respect for the environment and use only wood from environmentally managed PEFC and FSC-certified forests.

Fin dall'inizio il legno è stato il nostro elemento. Per questo operiamo nel rispetto dell'ambiente, usando solo legno che proviene da foreste gestite in maniera sostenibile certificato PEFC e FSC.

7

Cantarutti presents its new collection of seats, created with the ambition to bring a recognisable and contemporary design into private and collective spaces. A new classic style based on Mediterranean culture and language, rewriting traditional forms in collaboration with Italian and international designers. Wood is maintained as our primary element. This material and our technical know-how are always in balance between craftsmanship and industrial production. Each development involving tactile sensations, materials, fabrics and unusual colours, merges into a new idea of chair, something new, different and unexpected.

Cantarutti presenta la sua nuova collezione di sedute, realizzata con l'ambizione di portare in spazi privati e collettivi un'estetica riconoscibile e contemporanea. Una nuova classicità, che cerca nella cultura mediterranea il linguaggio per raccontarsi e trova nella collaborazione con designer italiani e internazionali le forme per riscrivere una tradizione. Al centro ci sono ancora il legno come materiale d'elezione e il saper fare, sempre in equilibrio tra artigianalità e produzione industriale. Tutto attorno, sensazioni tattili, materiali, tessuti e colori insoliti contaminano l'idea di sedia per creare qualcosa di nuovo e diverso, inaspettato.

En Under simple lines and natural volumes, Christoph Jenni's Hart armchair hides a complex construction project, as evidenced by the particular junction between the backrest and the structure of the armrests. Stackable, it is available both in wood and upholstered versions. It Sotto linee semplici e volumi naturali, la poltrona Hart di Christoph Jenni nasconde un progetto costruttivo complesso, di cui resta testimonianza nella particolare giunzione tra lo schienale e la poltrona con braccioli. Impilabile, è disponibile sia in legno sia nella versione rivestita.

2.24.1 Stackable armchair, wooden seat and back, upholstered seat and back panels. Poltrona impilabile, sedile e schienale legno, pannelli sedile e schienale rivestiti.

2.02.1 Stackable armchair, wooden seat and back. Poltrona impilabile, sedile e schienale legno.

2.02.1 Stackable armchair, wooden seat and back.  
Poltrona impilabile, sedile e schienale legno.

En Valerio Sommella designs the first family of upholstered furniture under the Cantarutti brand. The wooden element takes a back seat, supporting a padding with soft and full shapes, that are inviting for comfort and relaxation. Available in different versions, Hyppo can be upholstered in fabric or leather, easily adapting to all areas of contract – from breakout to the places of conviviality.

It Valerio Sommella disegna la prima famiglia di imbottiti a marchio Cantarutti. L'elemento ligneo passa in secondo piano, sorreggendo un'imbottitura dalle forme morbide e piene, che invitano al comfort e al relax. Disponibile in diverse versioni, Hyppo si può rivestire in tessuto o pelle, adattandosi con facilità a tutti gli ambiti del contract – dalla sala d'attesa ai luoghi della convivialità.

En The Obi collection by LucidiPevere is distinguished by the structural element that embraces the seat and the backrest like a belt, giving chair and stool a strong, expressive and versatile character. Born as a reinterpretation of the classic bistrot chair, Obi is available in different versions. It La collezione Obi di LucidiPevere si riconosce per l'elemento strutturale che abbraccia il sedile e lo schienale come una cintura, conferendo a sedia e sgabello un carattere forte, espressivo e versatile. Nata come reinterpretazione della classica sedia da bistrot, Obi è disponibile in diverse versioni.

1.03.0 Chair, upholstered seat and back.  
Sedia, sedile e schienale rivestiti.
