Focus by Stayhot

We make food warmers for the restaurants of tomorrow. Manufactured with care and precision in Sweden.

Hot Food in Focus

For over 35 years, we at Stayhot have dedicated our energy into providing restaurant kitchens with modern, innovative and reliable food warmers that stand the test of time, even in the most demanding of environments.

Focus is our latest addition to the Stayhot product family, which combines understated form with trailblazing functionality to enhance the restaurant experience for chefs and visitors alike.

Stayhot

Focus

As Aristotle once wrote — the whole is greater than the sum of its parts. We took this notion to heart when we created the Stayhot Focus Modular System. By combining core products with smart connecting devices, you can build customised food warming stations that meet specific demands.

System

Modular

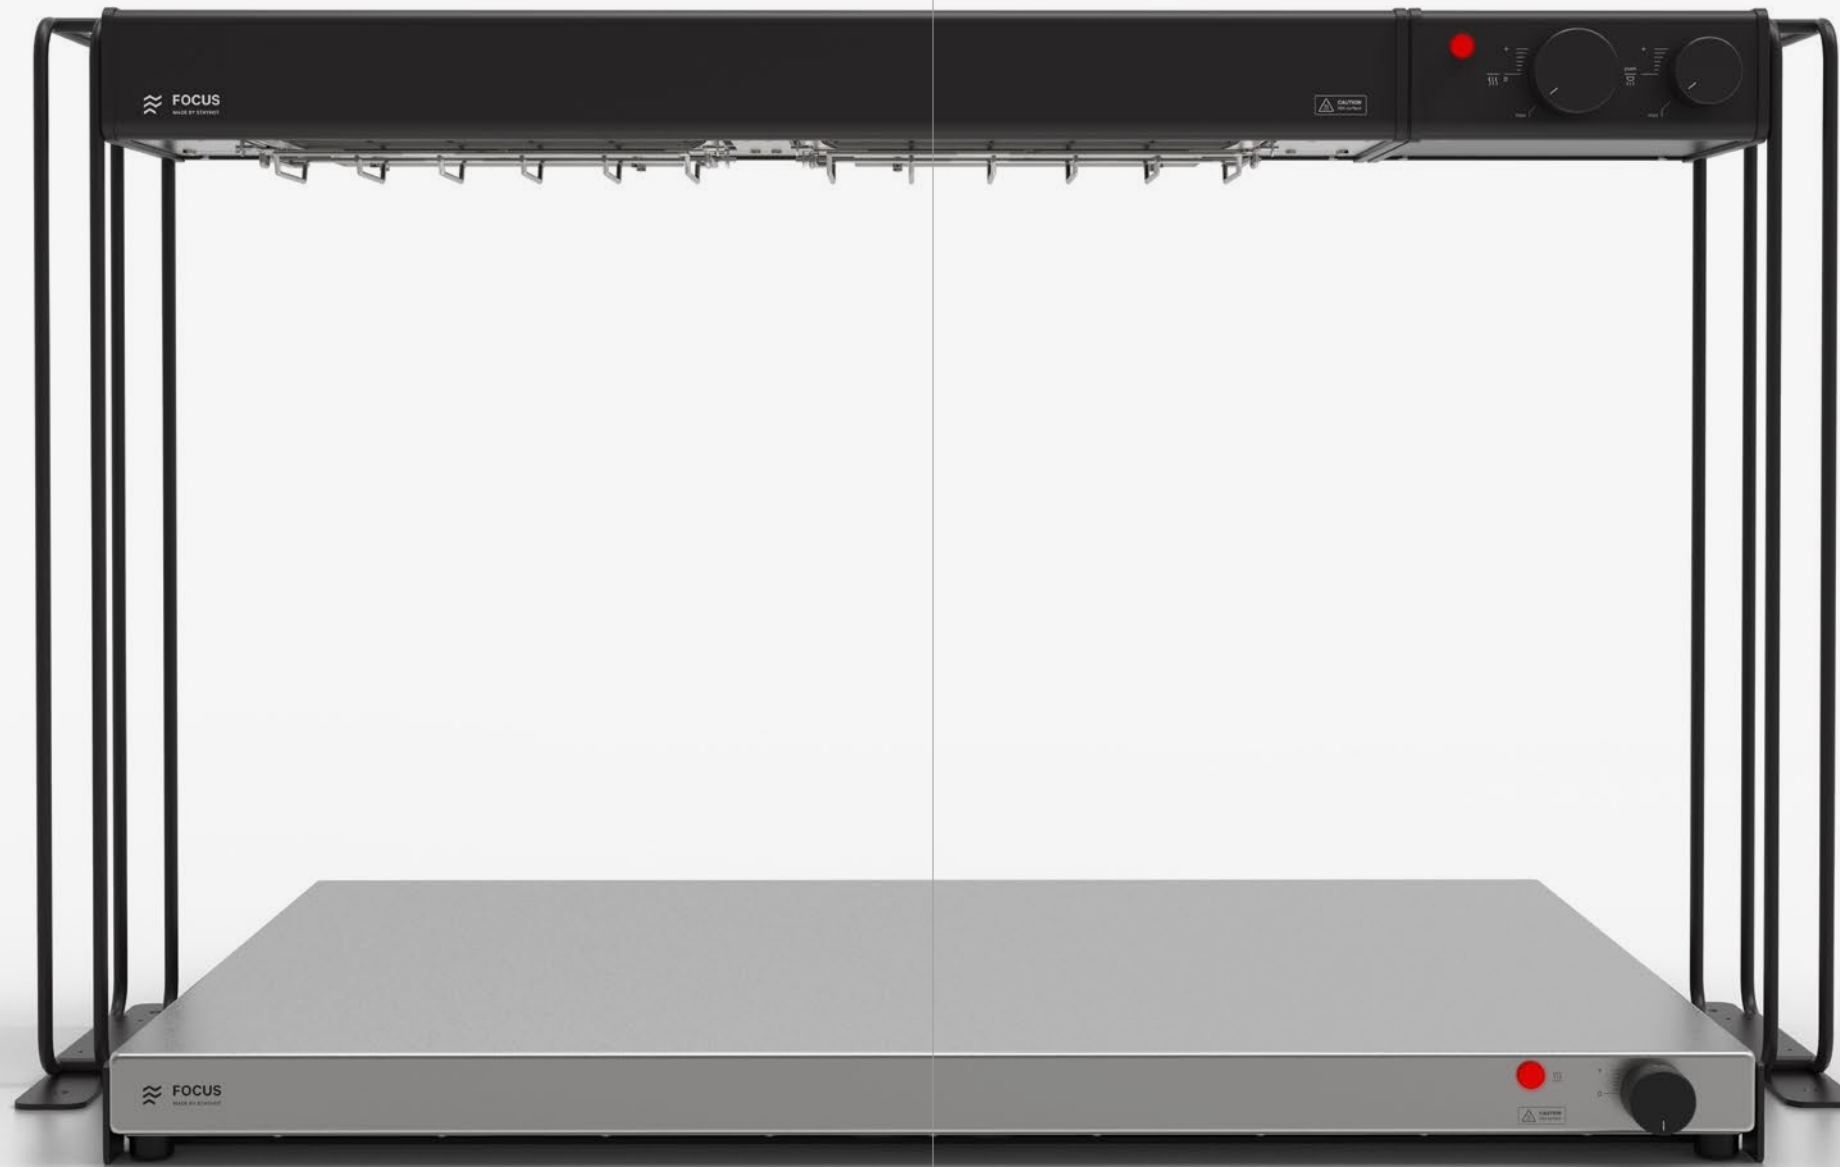

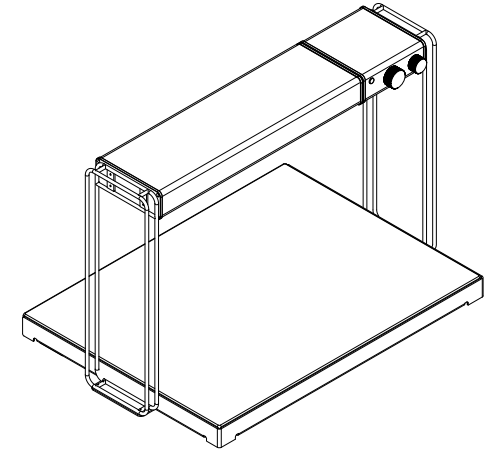

Stayhot Focus Modular System

Example #1 The Above & Below

Elevate your buffet with this custom solution. The Focus Hot Tray and Focus Strip Heater fuse together seamlessly through the addition of our custom made Hot Tray Frame and Strip Heater Stand, providing heat from both above and below.

Individual Components

- | | |
|---------------------------------------|---|
| 1x Strip Heater Focus 90
VB1-090-S | 1x Hot Tray Focus 68
VH1-0608-RF |
| 1x Strip Heater Stand

Example #2 The Double Decker Buffet

An abundance of space is usually a rare commodity at the buffet table. We sought to combat this issue by creating a two tiered food warming station that effectively doubles the area available for displaying hot food. Simply combine the customised Hot Tray Stand and Frame with the Focus Hot Tray, and you have created The Double Decker Buffet!

Individual Components

- 2x Hot Tray Focus 412
VH1-0412-RF
- 2x Hot Tray Frame 400 x 1200
FMS-HTF-412-S
- 1x Hot Tray Stand 400 x 300
FMS-HTS-43-S

Example #3 The Plating Station

A flexible and refined plating station for the discerning chef. A combination of our Tabletop Heat Lamp LPF and the Focus Hot Tray provides reliable heat from above and below, while the Canteen Holder ensures ease of access to all relevant garnishes and finishing touches before serving.
