Fabrics: Be aware of

- **ROUND SHAPES REQUIRE STRETCH FABRICS.** Torre will not guarantee a good upholstery result on the following models if the fabric is not stretchy: ADIMA, BLISS, KESY, MAGDA, MANU.

- **WRINKLES.** Thick materials or vynils in general have the tendency to wrinkle. Torre 1961 cannot ensure to avoid wrinkles or other imperfections due to the thickness of the material.

Fabrics: Be aware of

- **WIDE WEAVE FABRICS** require an additional work for the sewing process. Torre has to be informed in advance if the fabric has these characteristics so we can test it before the order confirmation.

- **COMBINATION OF DIFFERENT UPHOLSTERIES.** It could compromise the good result of the finished item. For example a quilted vinyl (or leather) combined with piping could produce the irregular positioning of the piping.
